--- 50 Cigarettes - as used by “Macdonald Tobacco” - 1-10D - 1962-68 ---

--- mimeographed *in blue ink* - with an appended number ---

These *fifty* cigarette stamps obviously were cancelled with a stencil prepared for use on sheets of the twenty and twenty-five cigarette stamps. The multiple date coded mimeograph impressions are normal, since the cancellation stencil was also being used on the smaller stamps.

At a collectible show in a local mall some years ago I found a *double pack* of *twenty-five* cigarettes encased in a company printed light cardboard sleeve to form a composite package of *fifty* cigarettes. I believe they were “Export”, but I did not have sufficient cash to purchase the package. They seem to have discontinued the fifty cigarette tin.
